Kingsgrove PS School Leader selection process 2017

After discussion with students and P&C in 2016 we developed the following guidelines to ensure a clear and fair process for selection of school student leaders. Voting for 2017 student leaders will take place on Tuesday 15\textsuperscript{th} November.

**Objective of the selection process:**
Students will select school leaders based on appropriate criteria.

**Criteria for school leaders:**
School leaders should have consistently demonstrated the following behaviours:
- Comply with the school rules to be a safe, respectful learner
- Capable of modelling appropriate and positive school behaviours to other students
- High level of school attendance
- Demonstrate pride in our school by wearing full school uniform.

**Procedure for selection:**
- Voting should be based on the above leadership criteria.
- Any Year 5 student may nominate for one of the eight school leadership positions in year 6.
- Nominees may complete a standard poster with a photo and factual information about themselves so that students know who the nominees are. The poster template will be provided by the school.
- Nominees must prepare a maximum 2 minute speech explaining how they meet the leadership criteria and why students should vote for them.
- The speech should follow the public speaking guidelines including no props or gimmicks.
- If there are a large number of nominees then students in each class can listen to speeches in class and select a maximum of six nominees from each Year 5 class and three from the composite Year 5 class to go to the final voting.

Parents may attend the final nomination speeches on Tuesday 15\textsuperscript{th} November but do not vote. School leaders for the coming year are announced at Presentation Day on Wednesday 30\textsuperscript{th} November.
